

## Institute Technology Management Unit (ITMU)

Institute Technology Management Unit pursues all intellectual property protection, maintenance and transfer/commercialization related matters at the Institute level as per the ICAR guidelines. The unit scrutinizes and process the cases brought before it for filing of patent applications. Institute Technology Management Committee (ITMC) is the highest decision making body relating to all issues of IP management and technology transfer/commercialization. It was established in 2008 through the project “Intellectual Property Management and Transfer/Commercialization of Agricultural Technology Scheme (Up-scaling of existing component i.e. Intellectual Property Rights (IPR) under ICAR Headquarters Scheme on Management and Information Services)” jointly funded by ICAR and NAIP.

### Patents filed from the Institute

S. No.	Application Number allotted by Patent Office	Title	
1	3400/DEL/2012	Identification of Cashmere (Pashmina) fiber from processed textile products by PCR-based technique	
2	2113/DEL/2010	Low cost, indigenous cradle for safe restraining of sheep for pregnancy diagnosis	
3	2114/DEL/2010	Low cost, indigenous vaginal sponges for estrus control in buffaloes	
4	2486/DEL/2009	Fermentation vessel for conducting gas production studies (in vitro): Fabrication, protocol and uses	

5	2108/DEL/2009	Production of fermented probiotic feed, production protocol, fermentation conditions, drying, storage and uses thereof	
6	240/DEL/2009	Area specific mineral-mixture pellets for augmenting reproduction and production in sheep	
7	1130/DEL/2005	Method to deliver nematophagous fungus, <i>Duddingtonia flagrans</i> to sheep for biological control of <i>Haemonchus contortus</i>	
8	1833/DEL/2004	Indigenous progesterone impregnated vaginal sponges for estrus synchronization in sheep
